March 7-8, 2024

VanDyk Mortgage Convention Center, Muskegon

Submissions welcome through February 9, 2024

It's a beautiful day in the library! At Spring Institute 2024, our goal is to spread our knowledge, help the helpers, and share our significant experiences and ideas along with helpful tips and tricks that can be brought back to your library. We want to help the helpers who support and strengthen our diverse communities. We're aiming to infuse joy and reinvigorate library professionals with the latest ideas and knowledge in professional development. Join us and get empowered at Spring Institute 2024!

Spring Institute is the premier professional development and networking event for Michigan library youth and teen services professionals. What will make the 2024 event special is the energy and drive that you bring to the table. You spend all year spearheading new initiatives, discovering new ways to reach your community, and improving your professional skills. Now is the chance to showcase that work!

Are you working on a new project, but don't have results ready to present a formal program? Have you worked on something really cool that you think others want to know about? Consider submitting a poster to our SHARE FAIR, where you can share your work with peers in an informal format. It's a great way to jump into presenting without building a full-blown program.
